“Partnering with Surge Project.”

In 2000, Larry Stockstill assembled 12 global leaders in Switzerland to divide the world into zones and build a church-planting network.

We don't send missionaries, we train nationals.

Church planting isn't recruiting paid workers. It's empowering committed sons. So far, there are over 20,000 churches planted around the world. Northwoods has planted close to 100!

Northwoods Men are raising \$6,000 to plant a church in the Middle East. Consider donating to this very important church.

There are two kinds of churches:

1. **Strategic church:** these are planted in larger cities with the goal of planting their own churches.
2. **Village church:** this is the type of church Northwoods Men are planting. Your contributions will help fund the pastor's first year salary and travel expenses. After the first year, the church is expected to be self-sufficient.

Surge always has pastors ready and waiting to plant a life-giving church in every region on earth!

Should you desire to donate towards the general Surge fund, go to [Northwoods.church/surge](http://Northwoods.church/surge)

Should you desire to donate towards the 'Northwoods Men's' church in the Middle East, you can do one of two things:

1. Donate at any men's event (7:40, 7 Questions, Model Man, Men's Field Manual)
2. Donate at [Northwoods.church/surge](http://Northwoods.church/surge) AND communicate with Pastor Josh that you made a donation towards the Surge fund.
